This installment of our articles on Calendar Art Sets is devoted to sets with safety messages. I need to thank John Williams of Vandalia Ohio for much of this information. I especially appreciate the fact that he had information on the year most of the sets first appeared.

Future installments of our listings of Calendar Art Sets will feature sets with patriotic themes and sets picturing old automobiles. The information I have on the patriotic themed covers seems mostly complete, but I still need much information on the old automobile sets. Please contact me if you have any information to share. Most helpful are photocopies of matched sets particularly if the covers are dated. Herbert G Price 1117 South Sixth Street, Burlington, Iowa 52601. Email address: herbpcpa@yahoo.com
