

Calendar Art Sets: VIII

by Herbert G. Price

Most of the sets included in this installment of our series use color photographs on their backs. The exceptions include the set from Kaeser and the Nostalgic and Cowboy Scenes sets from Brown & Bigelow which use drawings. Set 2 from Republic Match uses photos seen earlier on Brown & Bigelow sets. Since I have no date for Brown & Bigelow Outdoor Scenic View set 1 or any of the Cowboy Scenes sets, there is a possibility I have not listed them in the order they were released. So far I have only seen a single cover for the "sets" from Brown & Bigelow I have called "Baseball", "Safety", "Foreign Lands" and "Dogs". I wonder if these covers are actually singles and not from a set. Can anyone help answer these questions? Herbert G Price, 1117 S. Sixth St., Burlington IA 52601 herbpcpa@yahoo.com
