particular ship there are .

\*c = I have only the c cover of that ship (Dallas), there are a & b covers missing photos of the Dallas.

Blank space in Photo column = photo is needed.

If inside color of cover columns are blank = color is unknown and needed.

**Bold** = unlisted. the Augusta should be in bold letters also.

X = there is a cover for that ship.

XXX = three covers for that ship.

It's amazing, even after all these years, that there are Navy Ship covers that are still unlisted, but there *are!* ***If you have any DQ Navy Ships not listed here, or can provide any missing information on what's presented here, please contact Don Marquette, 2601 S.
