

# Faded Glory!

Ah, how fast yesterday's heroes become tarnished and forgotten!

It wasn't all that long ago that Jewelites were the darlings of the hobby, and now...Well, you can hardly give them away! *[No, don't write...I'm not giving mine away!]*

Still, in my own collections, such beauties get a second chance at life, for I also collect errors. Hence, these perfect, imperfect examples!

Double printings, missing colors, off center printing, no striker...all music to my ears!

If you have any laying around that you don't want, keep me in mind!
