Lake Tahoe's Heavenly Valley

Overlooking the sapphire-blue waters of Lake Tahoe, Heavenly is one of the most unique snowsports destinations on the planet. Skiing and snowboarding at Heavenly presents you with a number of different choices. With more terrain variety, more hidden glades, more rippin' groomers than any Lake Tahoe resort, you've got plenty of decisions to make.

Do you ski California or Nevada? Do you want jaw-dropping views of incredibly-blue Lake Tahoe, or the stark contrast of the high Nevada desert below? Will it be 34 miles of wide-open, groomed cruisers, 1,600-foot plunges in the double-black canyons or the most outrageous tree skiing in North America? Is it the 80-foot jumps in JackPot Terrain Park, or the natural pillow drops in Nevada Woods? How about 1,800 vertical feet of knee-pounding, Volkswagen-sized moguls on the world famous Gunbarrel?
