
KNOW YOUR COVERS!

Moose

Moose, or Loyal Order of Moose, constitutes a category for covers issued by this fraternal organization. It has the same attraction for collectors that covers from other well-known fraternal groups do—lots of sets and series, and a long and productive history. While not as big as Elks, there's a good number of them, to be sure. Donna Longenecker, PA, had 3,095 as of November, 2010, although only 1,405 are currently listed.

As you would expect, almost all of these covers are 20-strikes, although there are a few 10s, 30s, and 40s, and the majority are front-strikes.

A good category to get into if you're interested in Fraternals.
