

Marvelous

Maryland Match Company produced covers from 1934 to the 1980s, although by then the company had moved to Canada in a last chance effort to survive (didn't work!).

Not surprisingly, its nicer covers are its older covers, and the older covers are the 'wide-strikers', as most of the covers shown here exemplify.

Ohhh, lots of nice covers here. Stock cuts for the most part, but, still, quite attractive and colorful.

Marylands

There are also lots of nice series to be put together, here...coal companies, service stations, Dated Auto, and the like...if you can find the appropriate covers...not an especially easy task.

There are currently 1,814 wide-striker Maryland covers listed. There are probably at least that number still out there, unlisted as yet.
