

San Francisco Memories

by
Mike Prero

I spent a lot of time in San Francisco when I was in high school and college. It's changed drastically since then, unfortunately. But, I'm always surprised that more collectors don't have San Francisco covers as one of their categories. It's certainly one of the most famous cities in the world, and one of the most picturesque, immortalized in songs, films, novels, and plays.

Greg Lund, MD, had 13,809, as of November, 2005, and that was for the San Francisco area.
