Music

Music collectors have rhythm! Music soothes the savage beast...even the heart of the ardent collector! Do you play a musical instrument? Do you have a favorite type of music? Do you have a favorite band? Do you have musical recordings? Of course! Just about everyone does. Thus, here's a category that you might be interested in.

And, as usual, there's some room to maneuver, here. Perhaps, you'd prefer to simply collect covers which show a musical instrument. Perhaps you'd like to create your own orchestra by finding 1 each of every type of instrument...one tuba cover, one violin cover, etc.

Or, perhaps anything that has a musical graphic of some sort would qualify for your own musical collection. The Sweden House cover below, for example, has no musical instrument, but it does have musical notes. Perhaps you'd care to even include famous musical sites, such as the Grand Old Opry, Madison Square Garden, the Hollywood Palladium, and so on. You might even check your VIPs to see what musical performers you happen to have and include them in your Music collection. Hmmmm...how about all those Chez Patee covers we all have (!). The sky's the limit—you set your own parameters.

As you can imagine, there are a considerable number of covers to be had here. Toby Messmer, KY, had 5,876 such covers in his collection as of February, 2010. Larry Kozak, OH, currently has 599 listed on his 20-strike Music covers listing.
