

# RMS INSTA-POLL

**“Would you be in favor of the RMS roster being mailed via e-mail, as an option? And, would you request one rather than a hard copy?”**

*[March - 112 responding]*

<u>In Favor?</u>	<u>Request?</u>
Yes - 92	Yes - 65
No - 18	No - 44
N/A 2	N/A 3

Well, here are the results. I would have expected the IN FAVOR “Yes’s” to be 100%. Why would a collector object to someone *else* having the option? I suspect those respondents misread the question. *[Note: The “N/A” responses were those who didn’t want the roster in any form]*

***BUT***...I have since been informed by Linda that we already *HAVE* the e-mail roster option! It turns out that I e-mailed the current roster to some members in 2016, and I thought that was a one-time thing, but, no, it’s permanently available to members. So, Linda won’t be working on the 2019-2020 Roster until later in the year, but I’m making up the mailing list for the e-mail recipients now so it’s ready to go when Linda and I need it.

**The 65 respondents above who indicated that they would request an e-roster, and any other members, should e-mail me ([rmsed@matchpro.org](mailto:rmsed@matchpro.org)) that request so I can sign them up. Signing up means that you will be taken off the hard copy roster mailing list and receive the roster via e-mail. Also, please indicate the format you prefer (.doc, .xls, or .pdf.), and we’ll do our best to accommodate you. (I actually can’t open .xls files on my daily workhorse computer *[I’m still using Windows XP]*, but I assume that if Linda sends me the roster in .xls I can still forward it to those who want it.)**
