

Bathing Beauties!

[or, Sports Illustrated, eat your heart out!]

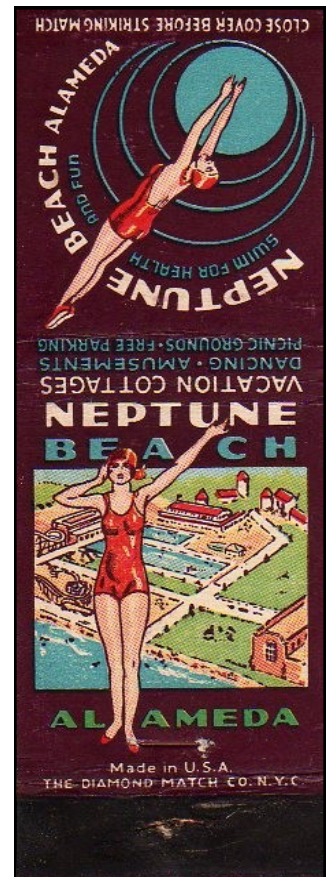

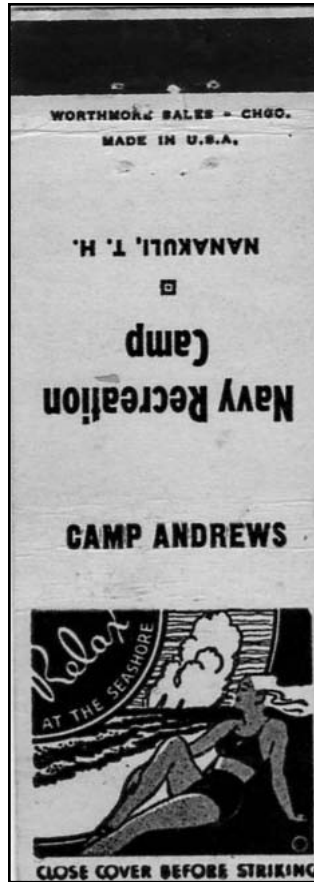

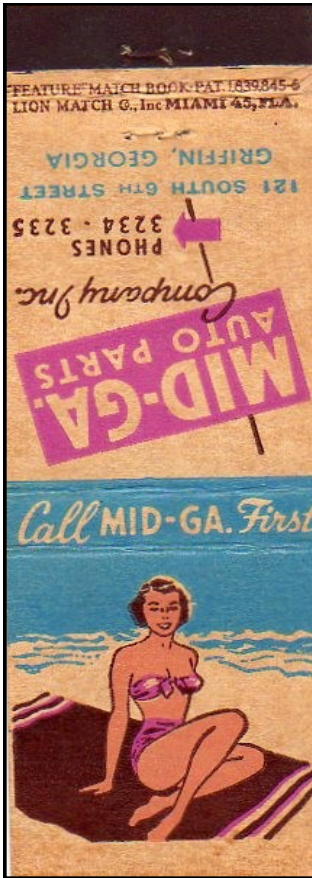

These aren't just Bathing Beauties...They're 'Girlies'! Some are non-stock and some are stock.

One sometimes has to look very carefully for these 'Bathing Beauty Girlies'. While most are featured prominently on the cover, some are quite small and may even go unnoticed.

Of course, if they that small, they won't officially be counted as Girlies, but that shouldn't keep you from keeping them as a 'Bathing Beauty' category.

You can find these covers in any number of categories, even Military (as shown to the left), but one sure bet is more modern Hotels (older hotels tended to be in downtown areas and didn't have pools), and especially Motels. Motels liked to advertise their pool areas.

It's an attractive category, even if you're not a Girlie collector, per se.
