

KNOW YOUR COVERS!

Matchorama is Universal's trademark for its color photo covers; 1955-1987; it's also a large category for such covers. They come in just about all Universal sizes, with 40s being especially numerous in this category.

These are really attractive covers. In my estimation, only Grant-Mann exhibits a better picture quality, and marginally at that.

Mel Garrett's, KS, collection numbered 9,568 as of 6/93.
