

## Sets 'n Series: Know Your Marines Set

This 1943 set of 20 covers by Diamond Match Co. is another especially nice acquisition for Military collectors. Each cover here is numbered, M1 - 20 -1 to M1 - 20 -20, going from Lieutenant General down to Sergeant - Band Musician (which was listed last in the set, so I'm assuming it's not seen as on a par with the regular combat ranks).

The front panel of each cover shows the rank of that position, while the back panel shows what the responsibilities are for that rank/position are. Each back panel also displays the globe-eagle-anchor symbol of the Marines along with the Marine motto, "Semper Fidelis." The insides are blank.
