The Mellon Bank Series

The Mellon Bank Series is a very large group of covers comprising at least 16 different series from the Pennsylvania-based Mellon Bank. Several of these series are Christmas covers.

I once did the math on this group of covers and calculated that there were possibly 1000+ covers to be had here. If that doesn't make it the largest series, it's certainly in the top listings.

Some of the individual series come in both front-striker and reverse-striker issues. Embossed is another conjunctive to be had here.
