I thought I'd be getting a better response than just 49 members, but, be that as it may, take a look at what categories these collectors need help in—perhaps you can delve into your dupes/trading stock and help them out.

Some of these categories are pretty difficult, but, them some are much easier: Bernie Burnell's looking for Woodies; Mike Hothan wants Flats; John Bachochin is on the lookout for Elks; and so forth.
