

KNOW YOUR COVERS!

New England Souvenir Sets

The two New England Souvenir Sets are part of the larger Group I category, so, by definition, they have no advertising. Produced by Diamond c. 1935, both sets consist of 43 covers each; first set is 21 green/22 red with 13 rays on saddle; second set is 21 red/22 blue with 12 rays on saddle.

Aside from the rays on the saddle, all of these covers are easily recognizable since they all have “SOUVENIR” on the saddle, as well.

As with most of the Group I sets, it’s extremely difficult to complete these sets. I’ve been collecting all the Group I issues for almost 30 years, and I still don’t have even half of either set.
