2005? Chinese Military Leaders Set

Here's another great VIP/Personality/Military set from China, courtesy of Barry Turner, MI.

This is a 10-box set. Each features a black & white photo of a famous military leader, apparently all from World War II. This was in an as yet unopened package, so I don't know what the reverse side is like, probably information on the particular leader.

I don't recognize all the leaders pictured here, but I can see, from left to right:

- | | |
|-------------------|-------------------------|
| 1. Eisenhower | 6. Rodion Y. Malinowski |
| 2. MacArthur | 7. Bearg Zhukov |
| 3. Omar Bradley | 8. Montgomery |
| 4. Chester Nimitz | 9. Rommel |
| 5. Patton | 10. Heinz Guderian |

Another very nice set (sigh!)
