2007 Romanian Misiones De Rengo Wine Set

This is another Misiones De Rengo wine set. The first set [pictured in the last issue] was a 5-box set. This one is a 7-box set. These are Chilean wines, don't forget, so that's what "Chile" is on every box. Unfortunately, I can't read the actual bottle labels this time, but they are all different on these seven boxes.

There are three Varietals, three Reservas, and one Cuvée Reserva. All boxes have a web site on them, so this would also make a nice set for those collectors who collect web sites.

[Special thanks to ever-reliable Hans Everink, Netherlands for these.]
