

Around The World

2008-2009 Russian Molly Set

These boxes were made by Ognivo, in St-Petersburg, and were issued in 2008 or 2009. Although there are 11 boxes shown here, I can't be certain that this is the entire set. Eleven seems an odd number; there may be more.

I've called this the "Molly" set, but who knows? Molly Irish Pubs seems to be the strand that runs through all of these, and they all advertise Irish pubs. Perhaps The Mollie's Group owns both chains—Molly's and The Office.

Note that several of the boxes here advertise beer brands. So, these may be of special interest to Beer collectors, as well as those of Sets & Series and Foreign. There are even a couple of Woodyies here.

[Special thanks to Hans Everink, Netherlands for these.]
